New mechanisms of partnership-based governance and standardization of vocational teacher education in Ukraine

Project goal

- to foster the quality and relevance of vocational teacher education in Ukraine by establishing standards for vocational teacher education with respect to partnership-based governance mechanisms between universities which offer vocational teacher training and vocational schools

Objectives

- to establish effective mechanisms of partnership between higher education institutions, which are involved in vocational and technical education, and vocational schools (and other stakeholders if relevant)
- to employ mechanisms of partnership-based governance for in-service vocational teacher training
- to enable educational institutions involved in vocational teacher training to use standards for partnership-based governance
